

# VILLOTA

## Graciano

Graciano from the San Rafael meander is a legendary grape in the contemporary history of Rioja. Its fame and viticultural excellence are sustained by unique geoclimatic conditions, expressed in a character that is both vertical and voluptuous, balsamic and fruity. An irresistible intensity.

### VARIETIES

100% Graciano. Vines planted in 1992 on the central terrace of the estate. Calcareous soil with clay, covered by a layer of pebbles that gives the grapes an appealing ripeness.

### WINEMAKING

After careful selection, the grapes ferment in stainless steel tanks. The wine matures for 12 months in French oak barrels of varying toasting levels. Malolactic fermentation in barrels with periodic bâtonnage.

### TASTING NOTES

Dark garnet color. Intense nose, with notes of black fruit, balsamic aromas, and aromatic undergrowth. Seductive, flavorful, deep, and full-bodied palate. Pure essence of the Graciano variety, one of the essential hallmarks of our meander of vineyard.
