

VILLOTA
LASERNA – LAGUARDIA
RIOJA ALAVESA

Special wines, elite wines

The oldest single plots. The deepest soul of Villota. The expression of fineness and eternity. Wines of place, time and magic.

VIÑA GENA

VIÑEDO SINGULAR

A long-lived vineyard between the river Ebro and a gentle slope covered with an original holm-oak forest. A unique place we've cared for 4 generations. The name of the wine is a homage to Mrs. Genara Villota. Viña Gena is our first wine officially classified as Viñedo Singular.

VARIETIES

100% Tempranillo grown in the oldest plot of the estate – planted in 1930. It is a low-yield vineyard of an extraordinary quality.

WINEMAKING

Careful selection of the best grape bunches. After fermentation, the wine ages 18 months in French oak barrels. Refined in concrete tank. Half a year of bottle ageing.

TASTING NOTES

Clear garnet colour. Intense floral notes (wild rose, violet) and red fruit notes (cherry and red currant). Subtle touches of pastry. Very elegant tannins and balsamic nuances. Silky, balanced, tasty and polished. A full persistence. A great life ahead.
